

FISCAL NOTE

HB 2534 - SB 3077

March 22, 2006

SUMMARY OF BILL: Prohibits the conduct of clinical trials involving pharmaceuticals at any health care facility licensed or regulated by the Department of Health unless the facility obtains written agreement of all parties involved in the trial, releases the results of the trial to the public and registers the trial with the National Institutes of Health website. The release is to be approved by the review board, contain a summary of the results, occur no later than three months following the study, made available upon request and comply with all laws regarding confidentiality of protected health information.

ESTIMATED FISCAL IMPACT:

Increase State Revenues – Not Significant
Increase State Expenditures – Not Significant

Assumptions:

- Necessary monitoring of facility compliance can be absorbed within existing resources of the Department of Health.
- Monitoring will be performed in conjunction with facility surveys.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
